

Section 1 – SITE DETAILS

Please enter the details of the site to be surveyed. If you have additional sites please complete additional questionnaires (one questionnaire per site).

Company Name	
Company Address	
Postcode	

Section 1a – CONTACT DETAILS

Please designate a member of your staff to act as our main point of contact for the Survey. Please note that the designated member of your staff must have technical knowledge and understanding of the coverage requirements. It is important that this person be both present and available during the survey. Additional members of staff may be nominated if you are concerned as to availability of personnel.

Contact Name	DD Telephone #	Mobile #	E-Mail Address

Section 1b – SITE ACCESS REQUIREMENTS

Please identify any required PPE and indicate whether it can be provided by the site. For food environments with 'low care' and/or 'high care' we will assume any additional PPE required (e.g. White coats, hair nets, wellington boots) will be provided to our engineer.

Personal Protective Equipment (PPE)	Required (YES/NO)	Can Site Provide (YES/NO)
Protective Footwear (Steel Toe Cap Boots)		
High Visibility Jacket		
Hard Hat / Ear Defenders / Eye Protection		

Section 1c – HEALTH & SAFETY REQUIREMENTS

Are any of these health and safety features are requirement in order to gain access to your site? Please note that the survey engineer will NOT be working at height or operating machinery (drills etc).

Health & Safety	(YES/NO)	Can be completed on the day of the survey (YES/NO)
Work Permit Required		
Health & Safety Induction Required		
Any Camera Restrictions		

Section 2 – RADIO COVERAGE REQUIREMENTS

Please can you E-Mail a site plan and shade or highlight the areas of the site where you require radio coverage. This will enable us to assess the time required to conduct the survey and hence provide the following:

- Propose available dates for the on-site WiFi Site Survey
- Provide an accurate quotation

Please E-mail the site plan (ideally in JPG format) to dave@dw-wifi.com

Please can you also complete the table below? This information is vital to us in the event that you are unable to E-Mail a site plan in advance of the site survey visit.

Site Plan Provided (YES/NO)		Comments	
No of buildings to be surveyed		Comments	
Outside coverage required (YES/NO)		Comments	
Coldstore/Chiller Areas (YES/NO)		Comments	
Mezzanine/Multiple Levels (YES/NO)		Comments	
Intrinsically Safe Areas (YES/NO)		Comments	
Office Areas (YES/NO)		Comments	

Will all required coverage areas will be accessible to our engineer (YES/NO)

Do you require a resilient (redundant) coverage (YES/NO)

Estimated total coverage area in square feet (or football pitches)

Section 3 – RADIO TECHNOLOGY REQUIREMENTS

Please select the required radio technology. Most customers opt for 802.11b/g in areas where data capture devices will be in use. The 802.11a technology is opted for in office areas where PCs and laptops have an 802.11a radio interface.

802.11b/g (YES/NO) 802.11a (YES/NO)

Please select the required WiFi access points. We recommend Cisco model 1242 access points with dual 802.11a and 802.11b/g radios.

Cisco 1242 (YES/NO) Cisco 1231 (YES/NO)

Please select the proposed WiFi Client devices.

RDT (Radio Data Terminals) (YES/NO) PCs / Laptops / PDAs (YES/NO)
Voice/Speech Picking Devices (YES/NO) VoIP Phone Handsets (YES/NO)

Finally, if known, please confirm the type of connection to your host system.

Terminal Emulation (VT220/5250/3270) (YES/NO) Remote Desktop/Citrix (YES/NO)
Bespoke Client/Server Software (YES/NO) Voice/Speech System (YES/NO)
